your inspection this morning, and it is as full as it can be of new fancies, novel designs and original

ideas. People who are planning their Summer homes,-whether that be a seaside cottage or a suburban piazza, or a city balcony,-will find plenty to interest them in the collec-There are two hundred styles in

rattan furniture, forty of which are of the upholstered sort. There are forty or fifty styles in splint furniture, mostly in rockers and settees. There are fifty or sixty styles in rush furniture,-most of them gayly decorated with ribbons and fancy silks.

Newest of all are the parlor suits, easy chairs, sofas and divans, upholstered in grass cloth. If you don't know what "grass cloth" is, imagine a sort of idealized straw matting, very fine and close and soft and

clean, colored a cool tan-green. Low prices rule throughout, as is to be expected in matters of this sort. We show three styles of Porch Rockers, for example, that will sell at \$1, \$1.25 and \$1.75, -fifty per cent. less than the every-day prices. We begin the showing with 4,000 pieces ready for immediate delivery.

We will hold all purchases, however, for delivery on request.
